Motivational quotes on each tracking page Sections for additional notes to jot down your thoughts Why track your habits? Anyone who has ever tried to instill a new daily habit knows that this can be pretty challenging to maintain for the long term. This is where habit-tracking journals come in handy providing: Consistency and accountability - by checking in on your habits on a daily basis you will have an accountability system in place to warn you when you miss a day. A sense of fulfillment every day Motivation Eliminating bad habit triggers Enjoying the process - If you look at your habits with the mindset of being consistent rather than being perfect, you will be able to fully enjoy your progress. You can track any habits you can think of: wake up earlier, eat healthier, drink more water, go for a walk, drink less coffee/alcohol, learn new things, meditate, start running/cycling/doing yoga, etc. Highly effective people have the right daily habits to increase their productivity and be successful. And here is the challenge: try it for 100 days. You don't have to be perfect. Make pauses, skip days, update your goals and habits any time you need. But keep going for at least 99 days and see the positive change in your life. You see, in life, lots of people know what to do, but few people actually do what they know. Knowing is not enough! Clutter Free Kathi Lipp,2015-01-01 If you've ever wished you could clear out your clutter, simplify your space, and take back your life, Kathi Lipp's new book has just the solutions you need. Building off the success of her The Get Yourself Organized Project, this book will provide even more ideas for getting your life and your stuff under control. Do any of these descriptions apply to you? You bought a box of cereal at the store, and then discovered you have several boxes at home that are already past the best by date. You bought a book and put it on your nightstand (right on top of ten others you've bought recently), but you have yet to open it. You keep hundreds of DVDs around even though you watch everything online now and aren't really sure where the remote for the DVD player is. You spend valuable time moving your piles around the house, but you can never find that piece of paper when you need it. Your house doesn't make you happy when you step into it. As you try out the many easy, doable solutions that helped Kathi win her battle with clutter, you'll begin to understand why you hold on to the things you do, eliminate what's crowding out real life, and make room for the life of true abundance God wants for you.

The 30 Day Challenge Book Clare Hudson,2016-12-24 This book was inspired by the popular TED talk, Try something new for 30 days. You don't always need to make drastic life changes, go on costly worldwide adventures or wait until the time is 'right'. Big changes can come from small actions, and if you have no idea where to start, how about a 30 day challenge? Why do a 30 day challenge? 1. Discover something new that you never knew you liked 2. Enjoy blissful moments in the present and spend less time on autopilot 3. Accelerate your productivity in your current projects or at work 4. Improve your physical, mental and spiritual health and wellbeing 5. Kickstart your creativity and become more resourceful Some of these 30 day challenges you'll love and some you may find strange, but others could transform your life in ways that might be hard to imagine without starting. Most of these 30 day challenges can be done anywhere -- some for as little as five minutes a day, without spending lots of your money, taking up loads of your time, or buying pricey equipment. The idea is to use the resources you already have, and pick the ideas that speak to your heart. What you will get in this book 500 30 day challenges to transform your whole life Challenges have been divided into the following categories, so there's something for everyone. Health, food and fitness, self improvement, inner life and meditation, recreation, art and creative, home life, professional life and finance, intellectual and educational, and social, relationships and kindness. An A-Z of all 30 day challenges The A-Z at the back of the book includes all 500 30 day challenges and will help you easily find the right ones for you. A free 30 day challenge planner chart This will help you to stay motivated, record your thoughts, and track results. It comes with this book as a downloadable PDF which you can print out and use as many times as you like. It's my hope that you will find something in this book that will make you feel excited. And through the act of doing and playing by your own rules, I hope you get the chance to find enthusiasm for everyday life, reignite some old passions and develop a love for trying new things. The point of this book isn't to tell you how to live or give you ideas only I like -- it's to get you to start and do something today that will take you out of autopilot and bring more variety, enjoyment and moments of bliss to your life right now.

75 Hard Andy Frisella,2020-04 Do you lack confidence, grit, endurance, fortitude, self-esteem and all the other things that don't just make someone great, but successful in everything they do?What if you could completely transform yourself

into someone who could do anything? I'm not talking about the change that happens for a week or a month or a year...but for your whole life? What would that legitimately and realistically be worth to you?Everybody tries to tell themselves that they are special or great...but it's just talk. It's not reality.This book tells you how to do that. It doesn't cost anything to execute this program...but it ain't free.I guarantee if you do exactly as I tell you to do it with no compromises and zero substitutions...you and your life will never be the same.-Andy Frisella
