The Winner'S Guide to Drafting a Fantasy Football Team Chris Lee,2009-08-06 Fantasy football has become one of my favorite pastimes of tens of millions of American males, and there are literally hundreds of websites, books, magazines, and television shows designed to tell you everything you need to know about the subject. Almost everything, that is. Anyone who has ever tried to find a definitive way to rank players for their fantasy draft or worse, find dollar values for auction-style leagues - knows the difficulty of finding a system that works for their leagues. Because leagues vary according to size, rules, and scoring systems, a player who may be a valuable commodity in one league may be below average in another. Therefore, the one size fits all rankings or valuations that you see most places can be useless. And even if those rankings were designed specifically for leagues like yours, values and rankings are normally assigned in a subjective manner, without any mathematical evidence to support the author's case. *The Winner's Guide to Drafting a Fantasy Football Team* has a timeless solution to the problem of finding customized and accurate rankings and dollar values that work for any fantasy league. Author Chris Lee explains what constitutes value, and how that value can be translated to rankings and dollar values for any league, in a common-sense way that removes the guesswork that's at the foundation of most ranking and dollar valuation systems. Simply put, if you know what kind of statistics a player is going to produce in the coming year, you'll know where to draft him or how much to pay for him at your draft. This proven system has helped Chris win many leagues. By following the steps in this book, you can build a spreadsheet that will help you win yours as well..

Fantasy Premier League Toby Margetts, 2019-08-02 Fantasy Premier League has become more than a game. It's a phenomenon. With well over 6,000,000 players signing up for the 2019/20 season and around 24 septillion possible lineups, there are untold subtleties that separate 99% of players from the elite 1% who consistently occupy the top of the overall rankings, not to mention taking home the prize pots and bragging rights at the end of each season. This book will show you how to join that 1%. FPL veterans and perennial top 1% finishers Toby and Gianni share everything they've learned from over 10 years of FPL graft - from pre-season scouting to the final sprint, unveiling the patterns and habits that only the best exhibit. It's an invaluable manual of data, managerial nous and the all-too-familiar learnings of despair and heartbreak, neatly packaged up to power your team to the top. Armed with this unprecedented knowledge and know-how, you'll have an enormous edge over anyone you come up against. This book is not a guide to how to play Fantasy Premier League - it's how to win.
