Dancing With Wisdom: A Sacred Quest to Restore Meaning, Purpose and Fun to Your Life and Work Sunil K. Raheja, 2020-08-11 This is no quick fix, self-help book; it is much deeper and far more valuable than that. With his blend of many years of medical practice and personal pilgrimage, combining Biblical wisdom with contemporary relevance, Sunil Raheja's reflections help us to probe our fundamental priorities and values. This book encourages us to face the why questions about the biggest and inescapable issues of our existence, of life and death, meaning and purpose. But it also

charts an attractive path to a life of greater enjoyment, fulfilment and potential flourishing, which might just change everything. It is well worth examining. I warmly commend it. David Jackman, Past President of the Proclamation Trust, London Never before have we had access to such stunning technological advances or timesaving tools--yet we are still exhausted, overwhelmed, frustrated and empty. STOP GOING THROUGH THE MOTIONS AND LIVE YOUR BEST LIFE. Thoreau described most people as living in quiet desperation and dying with their song still inside them. When we are young, we dream about how we will change the world and the positive impact we will make. At mid-life, we are bruised by disappointment, dashed dreams, and even the death of loved ones. The world encourages us to ignore the pain and anaesthetise our frustrations and disappointments with mindless entertainment, cynicism and victimhood. Such a mindset for many people creates an unprecedented and alarming rise in mental illness, discontent, and unhappiness. THERE IS A BETTER WAY....to connect with the timeless truths of wisdom: Become fully alive in body, mind and spirit--embrace and enjoy life. Live with delight, purpose, and exhilaration in a negative world. Heal without the hangover of cynicism, shame, exhaustion or guilt. Learn to Dance with Wisdom, stop going through the motions and become the fully alive human being you were always intended to be!

**(Re)Defining the Goal** Kevin J. Fleming, Ph.d.,Ph D Kevin J Fleming,2016-07-02 How is it possible that both university graduates and unfilled job openings are both at record-breaking highs? Our world has changed. New and emerging occupations in every industry now require a combination of academic knowledge and technical ability. With rising education costs, mounting student debt, fierce competition for jobs, and the oversaturation of some academic majors in the workforce, we need to once again guide students towards personality-aligned careers and not just into college. Extensively researched, (Re)Defining the Goal deconstructs the prevalent one-size-fits-all education agenda. The author provides a fresh perspective, replicable strategies, and outlines six proven steps to help students secure a competitive advantage in the new economy. Gain a new paradigm and the right resources to help students avoid the pitfalls of unemployment, or underemployment, after graduation.

**PosterSpy** Frédéric Claquin,Jack Woodhams,2018-02-21 Way before the advent of social networks, the first, and sometimes only, visual contact you may have had with a movie was its poster. To return to this enlightened approach and

escape the hard selling, marketing campaigns of today's releases, this book pays tribute to the artists who celebrate the era when cinematographic posters made us dream. Presented by ARTtitude, this collaboration features the contemporary work of 58 different artists from the PosterSpy art community, one of the most influential groups devoted to alternative posters. The nearly 300 posters presented here cover a diverse range of genres and eras, from pop culture favorites like Star Wars and Goonies to the Wes Andersen filmography to horror and sci-fi classics. Each piece reveals intensely creative and detailed representations of films that ask the viewer to see the film in a new way and challenges the visual package included with the original release.
