Bratz Dream To Grow Editions,2021-06-08 55% OFF for the Bookstores! IF YOU WANT YOUR CHILDREN HAVING FUN AND LEARNING AT THE SAME TIME, THEN THIS BOOK IS FOR YOU! Coloring books are real educational tools through which children approach the first forms of learning. There are many benefits that can be obtained by coloring: 1. Hand-eye coordination: by coloring the figures and being careful to respect the edges, children refine hand-eye coordination. They learn to hold the pencil well and also to choose the right color for each figure. 2. Development of concentration: while

coloring, they fully engage in their activity, learning to focus on a single task. 3. Development of self-esteem: being able to complete a task greatly gratifies the child. This helps them believe in their abilities and improve their self-esteem. 4. Stimulation of creativity: coloring is a journey into the imagination. The child first creates the image in his imagination and then proposes it on the sheet. For this, in addition to coloring albums, let the child experiment with a blank sheet too. 5. Refinement of motor skills: by holding crayons or pencils, children improve the ability to manipulate small objects. 6. Relaxation: spending an afternoon coloring drawings and figures helps children relax and relieve stress. Coloring is also a therapeutic activity !!! 7. Expression of emotions: in addition to relaxing, coloring the children brings out their emotions, beautiful and ugly. It is their way of expressing joys or worries, just like in the game.
