This resource offers guidance for teachers to create space, time, and intentional processes for children's exploration and learning to use art for asking questions, offering insights, exploring hypotheses, and examining experiences from unfamiliar perspectives. Inspired by an approach to teaching and learning born in Reggio Emilia, Italy, The Language of Art, Second Edition, includes: A new art exploration for teachers to gain experience before implementing the practice with childrenAdvice on setting up a studio space for art and inquirySuggestions on documenting children's developing fluency with art media and its use in inquiryInspiring photographs and ideas to show you how inquiry-based practices can work in any early childhood setting Ann Pelo is a teacher educator, program consultant, and author whose primary work focuses on reflective pedagogical practice, social justice and ecological

teaching and learning and the art of mentoring. Currently, Pelo consults early childhood educators and administrators in North America, Australia, and New Zealand on inquiry-based teaching and learning, pedagogical leadership, and the necessary place of ecological identity in children's—and adults'—lives. They build a sense of community within their classrooms, creating a home away from home where they make their students feel safe, included, and loved. With its heartfelt message and colorfully whimsical illustrations, *Our Class is a Family* is a book that will help build and strengthen that class community. Kids learn that their classroom is a place where it's safe to be themselves, it's okay to make mistakes, and it's important to be a friend to others. When hearing this story being read aloud by their teacher, students are sure to feel like they are part of a special family. And currently, during such an unprecedented time when many teachers and students are not physically IN the classroom due to COVID-19 school closures, it's more important than it's ever been to give kids the message that their class is a family. Even at a distance, they still stick together.
